COUNCIL APPROVES GARBAGE PLANT CONTRACT

City in Control of Water
Plant; Another Mundy
Map Presented.

With no mention of the water problem, and with the exception of the approval of the contract with the Public Works Engineering company for the sewage and garbage disposal plant, the city council met Thursday morning and transacted routine business only. Following the meeting, it was stated that the approval of the abstract to the properties of the water company by city attorney W. M. Caldwell and the completion of a few minor details, all that is necessary for the actual transfer. The city, however, has been practically in control of the plant since October 1, as it is stated all the receipts of the company since that date, and any expenditures incurred have been under the direction of the city.

The contract and bond of the Public Works Engineering company for the plans and specifications for the sewage and garbage disposal plant were approved, and it is probable that the contracts with Sorenson & Morgan for the construction of sections 1 and 3 of the allied plants and W. E. Anderson for the construction of section 2 will be closed within a few days. Considerable time was taken previous to the meeting of the councilmanic body for a discussion as to the acceptance of a revised map of the Mundy addition. The first map of the council in 1885 and the second in 1901, revised maps of the date of 1905 and 1906 were rejected but a few revisions on the last map, it is said, will place it in proper form. It is believed that the city will hold the city blameless and protect the present property owners.

Complaints of Poultry District. J. S. Thompson, representing the Swift Packing company, appeared at the meeting and complained of the ordinance relative to the establishment of the wholesale poultry district, stating there are no available houses for rent in the district, which is between the alley on either side of Santa Fe street, and south of Second street. Mr. Thompson stated that a location on South El Paso street would be preferable. Alderman McGhee spoke in favor of the ordinance as it now stands and it was decided not to change it.

Are Lights Ordered. A request for a street light at Arizona and Oregon streets was denied upon recommendation of alderman Hewitt. Recommendations were made, however, for lights at the intersection of Magoffin and Dallas, and Magoffin

and Octavia streets. The motion carried.

A petition by the West Texas Fuel company to close an alley in the triangle block bounded by Dorchester street, Magoffin avenue and the T. & P. railway right of way was denied. A petition by Condon, one of the slanders asking that the street be improved was filed.

Foundry Dispute Settled. It was also reported that the dispute between the El Paso Foundry and Machine company and the Texas Oil company had been settled.

The usual weekly bills and payrolls were allowed and ordered paid.

The request of the Bloch Millinery company to erect an electric sign was granted.

The City's Health. The report of Dr. W. H. Anderson, city health officer, for the health department the past week, recorded 23 births and 17 deaths. The remaining cases of typhoid fever number nine and one new case of tuberculosis was reported. Inspections of meat markets totaled 237; meat condemned, 291 pounds; dairy inspections, 35; slaughter houses, 27; milk wagons, 30; meat wagons, 10; cattle, 186; hogs, 30; sheep, 56; calves, 78; condemned, one hog; fruit and vegetable wagons, 1072; condemned, 225 pounds; premises inspected, 65; complaints, 66.

Destroying Houses. Dr. Anderson also reported that the destruction of the unsanitary houses in the south part of the city was progressing, half of the 30 houses being torn down. He also stated that the furtherance of the work was planned.

Collections Reported. The report of sewer commissioner Hadlock stated that 400 feet 10 and 12 inch sewer pipe was laid in East El Paso the past week; eight plugged sewers were cleaned and the T. & P. station was pumped 24 hours each day. Collections of \$90 were reported.

The report of building inspector Hagkard stated fees amounting to \$138 were collected during September.

The report of city sanitary officer Frank Alderete announced collections of \$1021.15 the past month.

The first reading of an amendment to the plumbing ordinance was heard. The petition of R. F. Mitchell, asking \$118 payment for cement work at the corner of Stanton and Texas streets, for the benefit of the property, was referred to city attorney Caldwell. The work was ordered by the late mayor Robinson.

Hixson Co., new location Roberts-Banner Bldg., Mesa and Mills.

THE HOBBLER AND DOUBLE ENGLISH

(Continued From Page One.)

count of the music the girl begins with the right foot flat forward and makes the half turn on the ball of the foot. The turn is finished on the heel of the foot at the third count. At every second count one foot is in the air, it coming up as the turn is made first on the ball of one foot and then on the heel of the other, the third count the partner, of course, makes the same sort of turns on the first and third counts, but opposite the same steps taken by the girl. The reversed movement follows as the result of waiting. It is a little tricky, but persons that know how to dance catch it very quickly and are fascinated with it.

The Double English. But the Boston waltz is not to be entirely the "R" of the dancing season, its foreign friend, the double English, which originated either among the English or at English, Indiana, is also to be danced in the two seasons. It is a first count of the two-step, and the way to learn it is to walk. To prevent any train derailments, and for the sake of etiquette, the girl walks forward while her partner beats it backward, guide right.

Here is the scenario: Take four steps to the four counts of the music and for another four counts take eight steps—two short steps at each count. Then when the two steps are danced, first four movements are the regular two-step, and the finish is the second part of the walking movement two steps at each count or what in marching parlance is double quick. The double English ought to be danced in perfect time and it can be, the one, two, three, four counts being the two-step and the five, six, seven, eight counts being the double quick walk, one partner going forward and the other backward, not to be side as in a simple walk.

To Be Seen at Toltet. Out of deference to the season of things hobbled, these two new dances have been heralded as the thing proper this season. Many El Pasoans who have been away during the summer have caught on to the new dances. One young married couple who were spending their first summer in California were staying at a beach hotel where the new dances were in vogue. Their apartments were directly over the ballroom and they practiced the dances until they were proficient in the movements of the Boston waltz and the double English.

At the Toltet club house warming next Friday evening the new Boston and English may be seen in all their grace of gliding motion and tripping twos.

These are to be "the" dances this winter, so get busy, pile the rugs off the parlor floor and practice the meanderings to the measures of the loving Mendelssohn tune.

SOLDIERS DON WINTER UNIFORMS. Soldier boys of the 23rd, stationed at Fort Bliss, appear this week in their winter uniforms. The bright blue offers a welcome contrast to the somber khaki brown of the summer outfit.

Hixson Co., now in Roberts-Banner Bldg., Mesa & Mills (St. Louis).

C. A. Marshall, representing a Minneapolis construction company which has been building the mammoth contractor at Miami, was in El Paso Wednesday on his way north.

J. H. Brigham, J. H. Beavin and A. C. Atkinson will form a party of big game hunters who leave tonight for three weeks in the Sierra Madre of Chihuahua.

Peach ice cream delivered after supper. Phone the Elite.

What to Wear What to Pay

OUR Ready-to-Wear Section, on the 2nd Floor, is the easy solution to the question of fall wearing apparel. Our assortment, while not yet complete, shows a wide variety of materials and models, suitable both for general wear and the more exacting demands of dress occasions. The easiest way to settle the question "what to wear" is to visit the Calisher Ready-to-Wear Section.

We announced at the opening of our temporary store that price concessions would be unusually liberal. This is proving the case, especially in ready-to-wear. "What to pay" will be solved by coming here.

Temporary Location---107-111 N. Stanton

BAPTIST MINISTER MAY LEAVE EL PASO

Rev. R. B. Smith Receives a
Call to Old Church at
Parkersburg, W. Va.

After nine years' pastorate in this city, Rev. Robert Bruce Smith Wednesday night presented his resignation to the congregation of the First Baptist church. Mr. Smith desires to accept a call tendered by the Parkersburg (W. Va.) Baptist church, where he served as pastor for seven years before coming to El Paso.

However, the resignation, to take effect at the end of this month, was not accepted by the congregation, which met at the midweek prayer meeting. It was laid aside for further consideration. Parkersburg is the Baptist headquarters for the southeastern states.

Mr. Smith recently received a call of Roswell, N. M., but after meeting with his congregation he decided to decline it, and at that time announced his intention to remain in El Paso, so his present decision to return to his old pastorate comes as a surprise.

CONSTITUTIONAL DELEGATES MOTHER DIES AT SANTA FE

Constitution Framers Adjourn Out of Respect; Presbyterians Unveil tablet; Piano Man Sentenced.

Santa Fe, N. M., Oct. 6.—Mrs. Margaret Sargent of El Paso, Rio Arriba county, mother of territorial auditor W. G. Sargent, and sister of Thomas D. Burns, a member of the constitutional convention, died at St. Vincent's sanatorium in her 64th year. The constitutional convention adjourned out of respect to her memory. She was a native of Ireland and as a little girl came to Wisconsin. Three sons, one daughter and ward, and three survive her. She was a devout Roman Catholic.

A tablet to Mrs. Mary E. James, founder of the Mary E. James mission school for boys in this city, and president of the Women's Mission board of the Presbyterian church in the United States, was unveiled at the school in the presence of a large audience. Rev. I. E. Tyler, superintendent of the school, was in charge of the exercises, at which addresses were made by Judge John L. Meade, the Presbyterian minister in court; Dr. John R. Gass, president of the new Presbyterian college at Las Vegas Hot Springs, and Miss Antoinette Brenzel, superintendent of the Mary Allison mission school for girls.

Oct. 5, J. Eyles, a piano dealer, has been sentenced to one year and not more than 15 months in the penitentiary by Judge Twestap.

IMPERIAL REMEDY CURES ECZEMA

Who is there that has ever had this terrible disease that would not give anything they possessed to be cured? It matters not how long you have suffered, what you have tried, or if every part of your body is an itching, burning sore, a permanent cure awaits you. Thousands have been cured by the use of "Imperial Remedy." Among them are people from every town and village in the South.

The instant "Imperial Remedy" is applied you feel relieved. This preparation has a pleasant odor, cures no grease or salve and requires no bandage. It is a clean liquid which penetrates the pores, loosens the fibrous tissues and purifies the diseased parts. After the disease has been driven out the skin is left pure, clear, soft and white, and the trouble will never return again. The price of "Imperial Remedy" is \$1 per bottle. Your local druggist can get it for you. If he will not, mail us \$1 and we will send you a bottle of the New Mexico charges prepaid. Imperial Medicine Co., Houston, Texas.

DEL RIO FARMERS FOLK A COOPERATIVE ASSOCIATION

Del Rio, Tex., Oct. 6.—At a representative meeting of the local farmers' institute plans were made, that, if carried to maturity, will mean a revolution in the methods of purchasing supplies, etc., by the farmers and gardeners of this district.

The sale of farm and garden products has never been on a sound economic basis in the Del Rio country. The farmers and the local merchants have never acted in harmony and it appears that

dissatisfaction has been voiced on both sides.

A cooperative warehouse plan has been advanced by the gardeners, and steps have already been taken to get the matter in shape to put the plan on a working basis. The first and preliminary plans call for a special meeting of the farmers on Oct. 15, when orders will be given secretary A. S. Smith, for seed corn and oats, in sufficient quantities to permit of ordering in carload lots. The expense is to be "sprinkled" among those ordering, and if this preliminary effort to save money succeeds, the plan will be carried further to include feed stuffs, household supplies, groceries, etc., and an effort will be made to erect a cooperative warehouse to store goods purchased and to care for products produced by the farmers for shipment to other markets.

SETTLE RECEIVERSHIP SUIT AND NAME PRESIDENT

San Antonio, Texas, Oct. 6.—The suit for a receiver for the Texas Southern railroad has been settled by agreement at a meeting of the board of directors, and J. E. Parke of San Antonio elected president.

NEVER ANY INDIGESTION, DYSPEPSIA OR SICK, GASSY, UPSET STOMACH.

A little Diapepsin will make you feel fine in five minutes.

Take your sour, out-of-order stomach—or maybe you call it indigestion, dyspepsia, gastritis or Catarrh of Stomach; it doesn't matter—take your stomach trouble right with you to your Pharmacist and ask him to open a 50-cent case of Diapepsin and let you eat one 22-grain Triangles and see if within five minutes there is left any trace of your former misery.

The correct name for your trouble is Food Fermentation—food souring; the Digestive organs become weak; there is lack of gastric juice; your food is only half digested, and you become affected with loss of appetite, pressure

and fullness after eating, vomiting, nausea, heartburn, griping in bowels, tenderness in the pit of stomach, bad taste in mouth, constipation, pain in limbs, sleeplessness, belching of gas, biliousness, sick headache, nervousness, dizziness or many other similar symptoms.

If your appetite is fickle and nothing tempts you, or you belch gas, or if you feel bloated after eating, or your food lies like a lump of lead on your stomach, you can make up your mind that at the bottom of all this there is but one cause—fermentation of undigested food.

Prevent yourself in five minutes that your stomach is as good as any; that there is nothing really wrong. Stop this fermentation and begin eating what you want without fear of discomfort or misery.

Almost instant relief is waiting for you. It is merely a matter of how soon you take a little Diapepsin.

YOUR PORCH FLOOR

Needs a coat of paint. First touch up the worn places then give a coat all over. It will preserve it as well as add to its appearance.
